School Accountability Report Card

Reported Using Data from the 2017-18 School Year

Published During 2018-19

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018-19)

Principal's Message

Orcutt Junior High School is located in the northern region of Santa Maria and serves students in grades seven through eight following a traditional calendar. At the beginning of the 2018-19 school year, 574 students were enrolled, including 12% in special education, 13% qualifying for English Language Learner support, and 34% qualifying for free or reduced price lunch.

The culture of Orcutt Junior High School reflects a commitment that all students can learn and encourages all students to be academically successful. Our classes are heterogeneously grouped and raising the level of student achievement defines our most important effort. In each academic department, students know what the state mandated content standards are because they are posted in the classroom, listed in their textbooks or kept in their notebooks. Under-performing students are identified early in the school year and interventions like reading, or math support classes are established. In other academic areas, our LCFF Supplemental funds have been used extensively to provide resource materials and conference opportunities for teachers to meet the needs of their students.

Of the 26 full time certificated teachers on campus, four work with resource, or special education students. All teachers on campus open their classrooms before school, after school and at lunch to assist all students. In addition to statewide testing, students at OJHS are assessed through NWEA two times per year. Students are given assessments in language, reading and mathematics. NWEA assessment data gives vital information to teachers in order to facilitate increased student learning.

Orcutt Junior High School was named a CA Distinguished School in the spring of 2013.

The mission of the Orcutt Union School District is to ensure the educational success of all students by maintaining high expectations, a safe learning environment, a commitment to excellence, and comprehensive programs which empower children to reach their fullest potential as responsible and productive citizens in a continuously changing world.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

Year and month in which data were collected: October 2018

All textbooks used in the core curriculum at Orcutt Junior High School are aligned to the California Content Standards and Frameworks. Instructional materials are selected from the state's most recent list of standards-based materials and adopted by the State Board of Education. The district follows the State Board of Education's six-year adoption cycle for core content materials (English/language arts, math, science, and social science).

On Wednesday, September 12, 2018, the Orcutt Union Elementary's Board held a public hearing to certify the extent to which textbooks and instructional materials have been provided to students. The Board of Education adopted Resolution No. 2 which certifies as required by Education Code §60119 (1) that textbooks and instructional materials were provided to all students, including English learners, in the district to the extent that each pupil has a textbook or instructional materials, or both, to use in class and to take home, and (2) sufficient textbooks and instructional materials were provided to each student, including English learners, that are aligned to the academic content standards and consistent with the cycles and content of the curriculum frameworks in math, science, history-social science, and English/language arts.

In addition to core subject areas, districts are required to disclose in their SARCs the sufficiency of instructional materials used for their visual/performing arts curricula. Orcutt Union Elementary did not offer visual/performing arts classes and therefore did not require the distribution of respective textbooks and instructional materials.

School Facility Conditions and Planned Improvements (Most Recent Year)

The district takes great efforts to ensure that all schools are clean, safe, and functional through proper facilities maintenance and campus supervision. Orcutt Junior High School's original facilities were built in 1920's. Ongoing maintenance and campus improvements ensure facilities remain up to date and provide adequate space for students and staff. District maintenance and site custodial staff ensure that the repairs necessary to keep the school in good condition are completed in a timely manner. A

work order process is used by school and district staff to

communicate non-routine maintenance requests.

Every morning before school begins, the custodian inspects the

facilities for safety hazards or other conditions that need

attention prior to students and staff entering school grounds. One

day custodian and one evening custodian are assigned to Orcutt

Junior High School. The day custodian is responsible for:

- Classroom cleaning
- Cafeteria setup/cleanup
- Restroom cleaning

Restrooms are checked throughout the day for cleanliness and

subsequently cleaned as needed. The evening custodian is

responsible for:

- Classroom cleaning
- Office area cleaning
- Restroom cleaning

The principal communicates with the custodial staff daily

concerning maintenance and school safety issues.

School Facility Good Repair Status (Most Recent Year)

Using the **most recently collected** FIT data (or equivalent), provide the following:

- Determination of repair status for systems listed
- Description of any needed maintenance to ensure good repair
- The year and month in which the data were collected
- The overall rating

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in English Language Arts/Literacy (ELA) and Mathematics for All Students Grades Three through Eight and Grade Eleven

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)					
	School		District		State	
	2016-17	2017-18	2016-17	2017-18	2016-17	2017-18
English Language Arts/Literacy (grades 3-8 and 11)	53.0	55.0	50.0	52.0	48.0	50.0
Mathematics (grades 3-8 and 11)	50.0	50.0	42.0	45.0	37.0	38.0

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

CAASPP Test Results in ELA by Student Group Grades Three through Eight and Grade Eleven (School Year 2017-18)

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2017-18)

Grade Level	Percent of Students Meeting Fitness Standards		
	Four of Six Standards	Five of Six Standards	Six of Six Standards

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site.

Opportunities for Parental Involvement (School Year 2018-19)

Parents are encouraged to get involved in their child's learning environment either by volunteering in the classroom, participating in a decision-making group, or simply attending school events.

Parents stay informed on upcoming events and school activities through automated telephone messages, email, the school marquee, and Parent Square.

Contact the school office at (805) 938-8700 for more information on how to become involved in your child's learning environment.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

Suspensions and Expulsions

Rate	School			District			State

School Safety Plan (School Year 2018-19)

The Comprehensive School Site Safety Plan was developed for Orcutt Junior High School in collaboration with local agencies and the district office to fulfill Senate Bill 187 requirements. Components of this plan include child abuse reporting procedures, teacher notification of dangerous pupil procedures, disaster response procedures, procedures for safe arrival and departure from school, sexual harassment policy, and dress code policy. The school's most recent school safety plan will be reviewed, updated, and discussed with school staff in the Spring of 2019.

Professional Development (Most Recent Three Years)

All training and curriculum development activities at Orcutt Junior

High School revolve around the California State Content

Standards and Frameworks. During these school years,

Orcutt Junior High School held three staff development days

devoted to:

- Data Analysis
- Instructional Strategies

Decisions concerning selection of staff development activities

are performed by all staff using tools such as teacher input, state

assessment results, and data analysis to determine the areas in

which additional teacher training may enhance classroom

instruction and increase student achievement levels. Orcutt

Junior High School supports ongoing professional growth

throughout the year on minimum days. Teachers met in both

grade level and department level teams to conduct data analysis

to identify areas of need. Teaching staff are provided the

opportunity to participate in district-sponsored staff development

workshops or training session as 1) a supplement to site-based staff development, 2) for reinforcement of or follow-up on previous training, or 3) follow-up training for newly implemented programs/curricula. During the 2016-17 school year, Orcutt Junior High School's teachers attended the following events

hosted by the Orcutt Union Elementary:

- Professional Learning Communities
- Examining Student Achievement
- Differentiated Instruction
- Addressing the Needs of English Learners

Orcutt Junior High School offers support to new and veteran teachers through peer coaching and mentoring. Instructional aides are provided targeted training focused on teaching strategies and curriculum content. Substitute teachers are invited to participate in designated staff development activities. All staff are encouraged to attend professional workshops and conferences. Classified support staff receive job-related training from department supervisors and district representatives.
